Advisory Section

To ensure the safety of you, the installer, and your children, it is important that these instructions are read fully before commencing the positioning and installation of this product.

Tip: Do not fully tighten all bolts until instructed at the relevant assembly stage.

Safety

This product has been designed and tested to rigorous European Safety Standards to ensure the safety and security of children using this product. It has been designed and manufactured for:

- Domestic outdoor use only and must not be installed within a public area such as a school, public house garden, communal play area, etc.
- Children between the ages of 1 year and 12 years old whilst being supervised by a responsible adult
- Installation on a flat surface (slope less than 2%), otherwise there may be a risk of instability
- Installation on a suitable surface (i.e. it should not be installed over concrete, asphalt, tarmac or any other hard or broken surface)
- Use within a clear area where the nearest obstruction (fence, tree, laundry line, cable, etc.) is more than 2 metres away. This distance should be measured from the furthest point of the play set (i.e. the bottom of any slide or a swing at maximum extension)
- Consider position of playcentre as the slide (if supplied) will become hot under direct sunlight

Note: Whilst there are no metal surfaces that could become excessively hot in the sun, it may be appropriate to ensure that the slide chute is not facing the main direction of sun to prevent the surface being uncomfortably warm in play. Maximum user weight 50Kg.

Finally, the safety of children using this product is your responsibility. It is advised that children are supervised at all times. Do not allow children to wear loose articles of clothing (i.e. tassels or loose hair) when using item else a possible entrapment may occur. Care must be taken to use the equipment for its intended purpose, i.e. do not allow children to climb onto items not designed for that purpose, as injury may result.

Timber Advice

This product has been made from premium timber. Great care has been taken in selecting, treating and machining the timber before it is presented to you. Timber is a natural product and as such may experience changes throughout the course of its life. This means it may:

- Develop openings (gaps, slits, apertures, cracks, splits) along the line of the grain. These openings are due to the difference in moisture content between the internal and outer surfaces of the timber. This is to be expected, is totally acceptable and will not affect the integral strength, life or guarantee of the product.
- Warp and distort its shape. Any distortion will be slight and will not affect the safety or enjoyment of this product.
- Fade as the timber reacts with sunlight. The timber should be treated with a proprietary product to act as a protective barrier, i.e. a water repellent, on an annual basis.

Biocidal Products Regulations EU 528/2012

Wolmanit Cx treated wood is a treated article that incorporates biocidal products:

copper hydroxide carbonate /II/and boric acid. They protect wood against decay /rot/ and insect attack. keep away from food, drink and animal feeding stuffs.

Routine Maintenance

It is advised that on a regular basis (i.e. at the beginning of the season and monthly thereafter) all main parts/ fixings are checked as secure, well oiled (if metallic), have no sharp points/edges and are intact. Replace, oil and/or tighten when necessary. Failure to do so may result in an injury or hazard.

Any attachments such as swings, chains, ropes, etc must be regularly examined for evidence of deterioration. Replace any attachments if there are signs of deterioration. Failure to do so may result in an injury or hazard.

During long periods of non-use (particularly during the winter) it is suggested that attachments such as swings are dismantled and stored in a dry environment. This will prolong the life of such attachments.

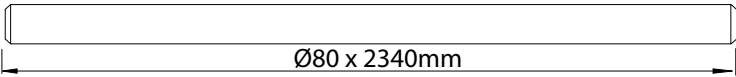

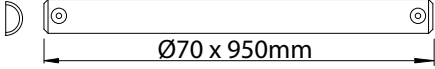

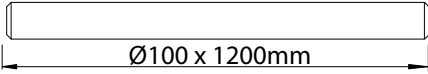

Remember to keep these instructions in a safe place for future reference.

Thank you for purchasing a Plum Product. Product safety and customer satisfaction are our priorities and we value your opinion. If you could spare two minutes to complete the customer feedback survey at <http://www.plumproducts.com/feedback> we would appreciate it.

Plum Products Outdoor Play Warranty (UK and Australia)

This product is guaranteed for 12 (twelve) months from the date of purchase against manufacturing defects. The warranty is conditional on proof of purchase being presented in the event of a claim. The warranty is registered to the original owner only and is non-transferable.

Whilst every endeavour is made to ensure the highest degree of safety in the product, it is essential to install your product correctly in accordance with installation instructions, supervise your children's play activity and maintain your play equipment periodically according to manufacturer guidelines in the Instruction Manual provided with the product.

This warranty does not cover scratching or scuffing of the product as a result of normal wear and tear and any minor defects which do not affect the functionality of the product. This product is warranted for domestic use only. Under no circumstance should the product be used in public or commercial settings such as schools or playgrounds, any such use may lead to product failure and potential injury. Any public or commercial use will render this warranty void.

The warranty shall be rendered void on products subjected to misuse, negligence, improper installation, vandalism, acts of God, unauthorised alteration, modification and/or attachment to other equipment by the customer or a third party (including the use of spares that are not genuine Plum spares) or any act or omission that would potentially render damage to the structural integrity of the product and lead to possible failure and injury.

All claims must be made within 14 days of purchase and must be accompanied by proof of purchase. Plum may reject claims which are not made within a reasonable time and/or where there is no proof of purchase. Goods covered under this limited warranty will be replaced or repaired, at our option, and returned to the customer at no cost to the customer where a claim is validated.

Plum reserves the right to examine photographs or physical evidence of goods claimed to be defective and to recover the goods prior to settling a warranty claim. These conditions do not affect your statutory rights as a consumer.

To make a claim please contact us immediately on our customer service numbers or emails below.
